<p>She told him she'd rather fix her makeup Than try to fix what's going on But the problem keeps on calling Even with the cellphone gone She told him that she believes in living Bigger than she's living now But her world keeps spinning backwards And upsidedown Don't say so long, and throw yourself wrong Don't spend today away Cuz today will soon be</p> <p>Gone, like yesterday is gone, Like history is Gone, just trying to prove me wrong And pretend like you're immortal</p> <p>She said he said live like no tomorrow Every day we borrow Brings us one step closer to the edge (infinity) Where's your treasure, where's your hope If you get the world and lose your soul She pretends like she pretends like she's immortal Don't say so long You're not that far gone This could be your big chance to makeup Today will soon be</p> <p>Gone, like yesterday is gone, Like history is gone, The world keeps spinning on, Your going going gone, Like summer break is gone, Like Saturday is gone Just try to prove me wrong You pretend like your immortal your immortal</p> <p>We are not infinite We are not permanent Nothing is immediate We're so confident In our accomplishments Look at our decadence</p> <p>Gone, like Frank Sinatra Like Elvis and his mom Like AL Pacino's cash nothing lasts in this life My highschool dreams are gone My childhood sweets are gone Life is a day that doesn't last for long</p> <p>Life is more than money Time was never money Time was never cash, Life is still more than girls Life is more than hundred dollar bills And roto-tom fills Life's more than fame and rock and roll and thrills All the riches of the kings End up in wills we got information in the information age But do we know what life is Outside of our convenient Lexus cages</p> <p>She said he said live like no tomorrow Every moment that we borrow Brings us closer to the God who's not short of cash Hey Bono i'm glad you asked Life is still worth living, life is still worth living</p>	<div style="writing-mode: vertical-rl; transform: rotate(180deg);"> <p>Highlight words or phrase that strike you...</p> </div>

Gather Ye Rosebuds...	
<p>To the Virgins, to Make Much of Time</p> <p>By Robert Herrick</p> <p>Gather ye rosebuds while ye may, Old Time is still a-flying: And this same flower that smiles to-day To-morrow will be dying.</p> <p>The glorious lamp of heaven, the sun, The higher he's a-getting, The sooner will his race be run, And nearer he's to setting.</p> <p>That age is best which is the first, When youth and blood are warmer; But being spent, the worse, and worst Times still succeed the former.</p> <p>Then be not coy, but use your time, And while ye may, go marry: For having lost but once your prime, You may for ever tarry.</p>	<p>Highlight words or phrase that strike you...</p>
