

My name is _____ , I am a (please circle) student in this class
I am a student and not in this class
I am a teacher, parent, or administrator

The problem looks difficult to do because:

The explanation made the problem easy to understand because the person:

The part of the explanation that I don't understand is:

The person's reflection/journey on the techniques and struggles to solve this problem was:
(Please circle one) non-existent poor decent thorough WOW!

The appearance of the exhibit was:
(Please circle one) like a kindergardener moments of brilliance knocked my socks off

How did the food item relate to this problem:

(Please circle one) non-existent yummy, but didn't see the connection

Really imaginative and has an obvious connection
